THE HUNDEGGER K2 INDUSTRY

SETTING COMPLETELY NEW STANDARDS IN PERFORMANCE, FLEXIBILITY AND CAPABILITY FOR PROCESSING STRUCTURAL TIMBER COMPONENTS.

→ We are thrilled to bring you our Hundegger K2 Industry. Over the past 40 years within the industry Constructional Timber (Manufacturers) Limited have used traditional joinery methods to machine timbers by hand. To enhance our manufacturing capabilities we worked closely with the experts at Hundegger to specify a machine that would give the best performance and tooling to complement our existing skilled workforce to now offer a full CNC service.

The Hundegger K2 Industry is the market leader in CNC joinery equipment which has been developed over the past 30 years. The unrivalled specification of our machine offers a solution for every timber operation from small scale to large projects.
